Golden Piggy

LUXURY DECORATIONS

The Christmas legend of the golden pig is one of the most popular Czech traditions. Only those who fast throughout Christmas Eve until dinnertime will see it.

Even though this tradition was established in the Middle Ages, it is still very popular today.

Pig

CHINESE ZODIAC

The pig has a fundamental status in Chinese mythology. Its standing comes from many myths, legends and customs, which were associated with this cute animal in medieval china.

The ancient Chinese believed, for example, that the pig is a symbol of fertility and wealth. Having a pig in one's home meant a promise of a permanently large income.

Christmas Ornament 18

CHRISTMAS TIME

On the American continent, this Christmas star is purchased as a gift intended to recall a significant family event in the given year, such as a wedding or the birth of a child. These Christmas ornaments can also be hung on a Christmas tree or in a window.
